**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1-13, 15-20, 30-33, 37-39, 40-42, 46, 49, 52-59, 60-63 are allowed.

2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or suggest an electronic device having a broad-spectrum light source and a narrow-spectrum light source complementing the broad spectrum of light. As defined by Webster's Ninth New Collegiate Dictionary "complementary" is defined as "relating to or constituting one of a pair of contrasting colors that produce a neutral color when combined in suitable proportions". In the context of the present application two light sources combine to form a purer neutral white light.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
